

Maths & Science Subject Specialist

Work with Axiom Education on the Wild Coast of South Africa and be part of the Rural Education Revolution!!! Situated in the vibrant community of Zithulele Village on a breath-taking stretch of coastline, Axiom works with historically disadvantaged schools to create opportunities for student success. Join our dynamic team of teachers, volunteers and local staff as we do more for rural students in 2015.

Axiom Education is seeking a maths and science specialist to lead our work with schools in these critical subjects. This position represents an exciting opportunity to pioneer new strategies for improving maths and science outcomes in a rural context. The ideal candidate should:

- Have a strong maths and science background and an affinity for the subjects;
- Be able to work with a diverse range of people – students in Grades 10-12, teachers, volunteers, community interns and colleagues;
- Have experience teaching at high school level;
- Have strong computer skills (email, Word, Excel);
- Be fluent in isi-Xhosa and English;
- Have a driver's licence;
- Possess at least a bachelor's degree and appropriate education qualification (PGCE, BEd, etc).
- Be proactive, flexible and energetic;
- Be excited about living rurally.

More details about the position are available in Annexure A, overleaf. Persons interested in applying should submit a CV and two paragraph motivation to michelle@axiumeducation.org before **December 8th, 2014**.

Growing talent and opportunity in rural Africa.

ANNEXURE A: JOB DESCRIPTION

As **Maths & Science Specialist** your duties and responsibilities would be as follows:

1. Design and manage mathematics and physical science curricula and resources for an acceleration programme for rural students in Grades 10-12.
2. Teach students on this programme on Saturdays (1-2 per month) and during school holidays.
3. Work with natural science, physical science and mathematics teachers from schools in the area in collaborative 'networks' of practice.
4. Provide subject specific (content) support to our Study Group team, visiting schools each weekday afternoon.
5. Manage the Monitoring and Evaluation of teacher networks in conjunction with our Operations Manager.
6. Perform all administration tasks arising from your involvement in these programmes, including, but not limited to, keeping registers, records of meetings, and schedules of work covered.
7. Support the team in any way should new needs or unusual circumstances arise.
8. Keep track of hours, mileage and any other expenses in an orderly fashion.

Growing talent and opportunity in rural Africa.
